BARIME 2019

2nd National CME on Bariatric Surgery with
Hands on Cadaver Workshop

Theme : Operative Techniques

22nd – 23rd February 2019

Venue

Dr. Ramalingaswamy Board Room
All India Institute of Medical Sciences, New Delhi

TARGET AUDIENCE AND EXPECTED BENEFITS

- Post Graduate trainees to learn the technique of Bariatric and Metabolic surgery.
- Practising surgeons keen to take up bariatric and metabolic surgery as their next venture.
- Novice bariatric surgeons willing to update their knowledge of and improve skills for bariatric surgery
- Bariatric surgeons looking for a platform to share their experiences and discuss the latest evidences on bariatric and metabolic surgery.

HIGHLIGHTS OF THE CME

- Live demonstration of bariatric procedures by experts
 - Single procedure at a time so that all steps of the entire procedure can be demonstrated.
 - Three common procedures - Laparoscopic Sleeve Gastrectomy, Roux-en Y-Gastric Bypass, Omega Loop Gastric Bypass will be demonstrated and technical concerns to overcome challenges will be addressed.
- Video presentation of critical steps, technical challenges and rescue strategies will be made by experts.
- Hands on training of bariatric procedures on human cadaver. This will be focused, small group mentored course. Trainees will perform most of the critical steps of the common bariatric procedures. Experienced bariatric surgeons will supervise and mentor the course.

ELIGIBILITY CRITERIA FOR CADAVER COURSE

- The candidate must have completed 3 years post Master of Surgery (MS) degree.
- Must be doing basic and advanced laparoscopic procedures and are also exposed to bariatric procedures.
- Have the setup and infrastructure to start Bariatric programme.

Please send your CV at forms.aiims@gmail.com. The academic Committee of the Foundation will review the applications. Among the eligible candidates, selection will be made on first come first served basis.

Eligible candidates will be informed and the course fee to be deposited after the selection is confirmed by the Foundation.

Welcome Message from the Organising Committee

In the pursuit of excellence in training, research and patient care, the Foundation for Obesity Research and Metabolic Surgery (FORMS) along with the Department of Surgical Disciplines, All India Institute of Medical Sciences, is organizing "BARIME 2019, 2nd National CME on Bariatric Surgery with Hands on Cadaver Workshop" on 22nd and 23rd February'19. The premise is to motivate and guide the future bariatric surgeons for safe and successful journey. The technical challenges and rescue strategies of Bariatric Surgery are the focus of the event.

The CME will include live operative demonstration of bariatric procedures by experts and video presentation of various technical challenges with effective rescue measures on the first day. On second day, hands on training course on Bariatric Surgery on human cadavers will be organized. This will be a dedicated and focussed hands on course. The trainees will perform at least two procedures under the direct supervision of the expert mentor.

We welcome you for this academic feast.
